Frequently Asked Questions

How much is the return shipping?

It depends on weight, distance, and type of shipping service. UPS Ground usually costs \$7 - \$12 within the 48 contiguous states. Next Day Air usually costs \$25 - \$75.

Do I have to count my materials and enter a total?

No. The quantity boxes on the order form are for your estimation only. We will inventory your order upon receipt.

Will you transfer copyrighted video tapes?

Not unless you have permission from the copyright holder.

How should I package and ship my materials?

Carefully package the materials in a box and use lots of peanuts for protection. Use a traceable shipping service, such as UPS or FedEx.

Will you contact me when you receive my materials?

Yes, we will send you an email to confirm receipt and provide a scheduled date of completion.

We will charge your credit card (if provided) at the end of the project. We will ask for approval if the final amount is over \$100 more than the estimated amount.

Note for Economy Stills Scans:

Images are unfinished. Finishing using computer graphics software is required.

Note on CleanScan:

Scanning slides and negatives without CleanScan will result in visible dust and scratches on the images. CleanScan **does not** work on B&W negatives.

Note for Economy Film Transfers:

These are transferred at 20 fps and not frame-by-frame which may result in faster than normal motion. We do not perform any correction on the image.

Terms & Conditions

1. I assert that I am either the copyright holder for the enclosed photos, films, videos, and music or I have the legal right to have them reproduced. Furthermore, I agree to indemnify and hold harmless Digital Pickle from any legal actions brought against it in connection with the services performed for me.
2. Digital Pickle's liability for loss or damage is limited to the value of the order.
3. A set-up charge of \$5 will be applied to orders for less than \$50.

I have read and understood these terms and conditions and authorize Digital Pickle to conduct the specified work.
